Evaluation Process

The following procedures will be followed for the evaluation:

- The Committee will select those proposals determined to be within the competitive range (highest score).
- The Authority reserved the right to make an award based solely on the proposals or to negotiate further with one or more Offerors.
- The proposals that have a reasonable chance of being selected for award will be considered to be in the “Competitive Range”.
- At the conclusion of negotiations, Offerors **must** be given an opportunity to submit best and final offers before final determination.

The contract shall be awarded to the Offeror submitting the most responsible proposal, price, and other factors considered, complying with the specifications contained herein, provided the proposal is the most advantageous for the Authority to accept. The Authority is therefore not bound to accept a proposal on the basis of lowest quoted price alone.

Evaluation Criteria

The Housing Authority intends to make proposal award to the responsible offeror based on the following **technical evaluation** criteria:

1. Proposed work plan, staffing and equipment. (1-25 points)
2. Competency of the company and/or the personnel assigned to the project as demonstrated by the completed ‘Statement of Qualifications’ form. (1-15 points)
3. Reference information from principals in the company from whom similar services have been performed by the proposer. (1-20 points)
4. Experience with public housing authorities or similar operations. (1-15 points)
5. Cost. (1-25 points)

Defective Cost Information Cause

If the cost breakdown submitted by the contractor is later found to have been inaccurate, incomplete, or non-current as of the date of award, the HA is entitled to an adjustment of the contract price, including profit or fee, to exclude any significant sum by which the price, including profit or fee, was increased because of the defective information. Judgmental errors made in good faith concerning estimated portions of future costs or projections do not constitute defective information. It is presumed that overstated cost information increased the contract price in the amount of the defect plus related indirect cost and profit/fee.

In determining the amount of a downward adjustment for any understated cost information, the contractor shall be entitled to an offsetting adjustment for any understated cost information submitted in support of price negotiations for the same procurement action up to the amount of the HA's claim for overstated cost information.

Submission Requirements

Submit **one (1) original and four (4) copies** of proposal submitted on enclosed cost proposal form, dated, and signed by an official of the company. Show on the proposal the company's or individual's federal identification or Social Security number, whichever is applicable, and correct mailing address.

The following forms **MUST** be completed and submitted with the proposal documents. Failure to complete and submit **ALL** of the forms **MAY** render the proposal non-responsive and subject to disqualification. Please **tab** and **submit** documents/information in the following order:

- "Cost Proposal Form" (form enclosed)

- "Statement of Qualifications" (form enclosed)
- "Representations, Certifications, and Other Statements of Offerors" HUD 5369-C Form (form enclosed)

- List of three (3) references

Each item listed above **MUST** be completed and submitted with the proposal. This list does not include other submittals that may be required. **Read the RFP documents fully and carefully.**

Proposals must also include a full description of all proposed services. If the Offeror is not proposing complete services as requested in the RFP, be very specific as to what is and is not included. All assumptions concerning the Authority's involvement should be stated. All exceptions to the RFP should be noted in the proposal. Unique services should be clearly defined. The assumption should be made by all Offerors that their original proposal may be their only opportunity to present their services and qualifications, and therefore should be as comprehensive as possible.

It is the Authority's intent to make this RFP a part of the CONTRACT(s).

Include in the submittal a list of three (3) current references of previous work similar to this project which shows company name, contact person, address, phone and fax number, and Email address, type or work performed, and dates of service {length of contract}. **DO NOT USE BHA AS A REFERENCE.**
